

COMPANY PROFILE

DPV OFFSHORE

& MARINE SERVICES (PVT) LTD

Marine, offshore and subsea service across Sri Lanka's four commercial harbours.

COLOMBO | info@dpvoffshore.lk | +94 11 26 82 692 | +94 77 774 3023

THE MEASURE OF US

SAIL WITH PASSION

DPV Offshore & Marine Services (Pvt) Ltd holds one umbrella over the entire coastline. One desk to answer, one standard to hold, one team to work your vessel — from first line ashore to sail-away. The stay is planned before she arrives, the work scoped before she berths, and the hands are waiting when she does. Hours that would have gone on waiting go on working instead, and a ship that sails on schedule earns on schedule.

SINGLE POINT OF ANSWER

No subcontracted handoffs between harbours. Whoever takes the call owns it until the vessel is away.

SHORE AND SEA, ONE HOUSE

Agency, technical management, engineering and supply sit together, so a fault found on deck is not waiting on a second company to quote it.

PARTNERS ON CALL

Our partners work around the clock to meet the requirements, so whatever is needed can be found, priced and delivered without delay.

TWELVE DISCIPLINES

ALONGSIDE

Our marine businesses begin the moment a line goes ashore.

PORT AGENCY & HUSBANDRY

Clearance, berth attendance, sea marshal transfers and every formality between ship and shore.

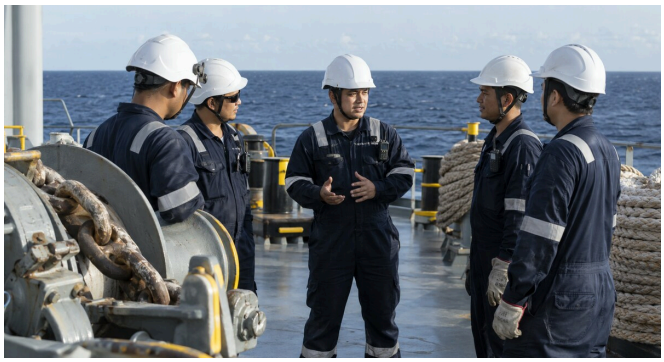

BUNKERING, WATER & FUEL

Fresh water and lubricants supplied alongside or at anchorage.

SHIPS CHANDELLING

Provisions, bonded stores and deck and engine consumables, delivered to the pier.

CREW MANAGEMENT

Manning, certification, joining and repatriation — a full complement or one relief.

MAINTENANCE AFLOAT

Hull, machinery, electrical and hydraulic repairs while the vessel remains in service.

DOCKING SERVICES

Docking specification, yard selection and supervision through to undocking.

TWELVE DISCIPLINES

WE CONTINUE...

Our businesses support every voyage, from the contract desk and workshop through to the vessel's next destination.

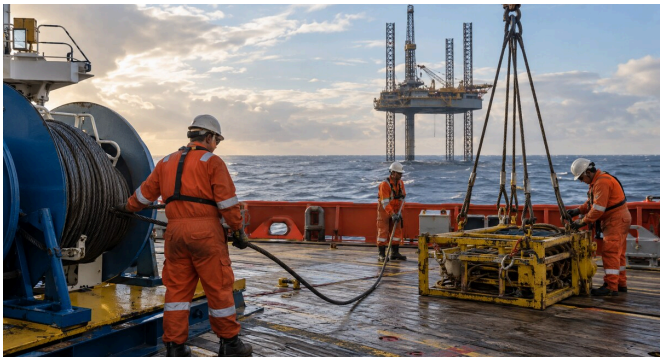

BROKERAGE & COMMERCIAL

Time, voyage and bareboat fixtures, sale and purchase, and the negotiation behind them.

MANAGEMENT & OPERATIONS

Technical and operational support, with ISM (International Safety Management) compliance.

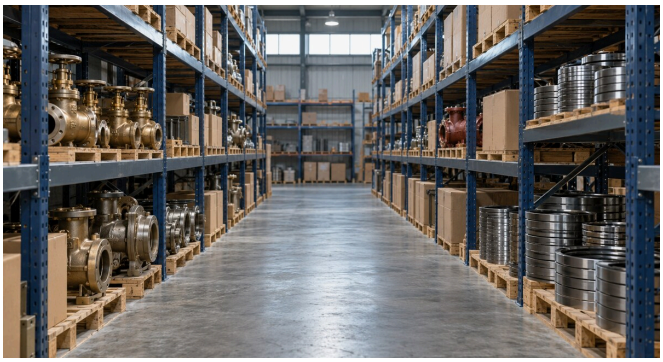

OFFSHORE & MARINE OPERATIONS

Platform, subsea and workboat support for operators working off the coast.

MARINE PROJECT DEVELOPMENT

Scoping, engineering and site supervision for work outlasting a single port call.

MACHINERY & SPARE PARTS

Sourcing and supply of marine machinery and components, new and reconditioned.

IMPORT & EXPORT

Customs, freight and documentation for machinery moving by air, land and sea.

FOUR HARBOURS

WE SERVE YOU ON ONE AGREEMENT

Sri Lanka sits on the east–west belt, and we serve all four of its commercial ports. Wherever your vessel calls, the same team meets her at the berth and the same standard follows her out to sea.

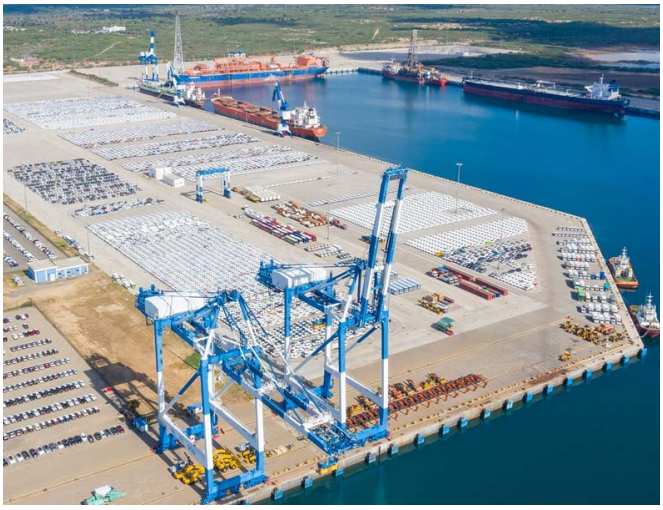

COLOMBO

South Asia's busiest transhipment hub, and where our operations desk sits.

GALLE

The southern harbour, serving yachts, naval craft and coastal trade.

HAMBANTHOTA

Deep water directly on the main shipping lane, built for bunkering and ro-ro.

TRINCOMALEE

One of the world's natural harbours, on the east coast facing the Bay of Bengal.

FAIR WINDS AND FOLLOWING SEAS — UNTIL YOUR NEXT CALL.

THE WIDER ARM

OUR GULF OPERATIONS, UNITED UNDER ONE COMPANY

DPV Offshore & Marine Services L.L.C. works out of Dubai Maritime City. It is neither an affiliate nor an agent — it is the same organisation under a second flag, which is how an island operation carries Gulf workshop capacity and buying power behind it.

SRI LANKA

DPV Offshore & Marine Services (Pvt) Ltd

Company Reg. PV 00270574

UNITED ARAB EMIRATES

DPV Offshore & Marine Services L.L.C.
